Once again East Allen Transportation is asking for your help in recruiting new bus drivers for our students. If you or anyone you might know would be interested in driving a school bus for East Allen, please have them contact the Transportation Department at 260-446-0159 or email [kkoenig@eacs.k12.in.us](mailto:kkoenig@eacs.k12.in.us). This is a great source of secondary income and to connect with our leaders of the future. We are currently short drivers and bus monitors in all of our East Allen attendance areas.
